Report Building

Adaptable junior developer transitioning from a merchandising background. Eager to join your company. to build best-in-class solutions using data-driven decisions. In my previous roles, I was on a high-performing team able to grow departments by 200% and identify process improvements to improve efficiency.

## WORK EXPERIENCE

### ASSISTANT BUYER | ZULILY, 2019-2021

- Pioneered a 6+ team strategy that brought in \$5 million within the first year.
- Analyzed internal data to manipulate and build reports to make data-driven decisions based on consumer buying patterns.
- Collaborated with cross-functional teams to execute 150+ dynamic and engaging events on an e-commerce platform monthly.
- Managed 20 international vendors to build relationships, secure inventory, and develop cost reductions to exceed margin goals.
- Assisted Senior Buyer in forecasting current category market trends to ensure consistent product flow.

### SALES AND MANAGEMENT INTERN | THE BUCKLE, 2018-2019

- Exceeded sales goals of \$1,000 per shift while balancing excellent customer service and being the go-to for customer questions.
- Responsible for the footwear department to grow sales, educate other employees on the product, and set up displays.
- Cultivated relationships with guests in the store and with a CRM database.

## EDUCATION

### FULL STACK SOFTWARE DEVELOPER BOOTCAMP - EPICODUS

- 27-weeks of full-time coursework using multiple languages and frameworks to create a portfolio of projects.
- Paired and Independent programming focused on both front and back-end processes.

### UNIVERSITY OF NEBRASKA - LINCOLN

- Bachelor of Science in Business Administration | Major: Marketing
- Bachelor of Science in Education and Human Sciences | Major: Merchandising
  - Minor: Business

## PROJECTS:
